MR. MORGAN'S YACHT  
TABOOS STILL LIVE  
HARD KURDISH FIGHTERS  
TWO LITTLE FIGHTERS

—By Arthur Brisbane

Copyright 1930 By King Features  
Syndicate, Inc.  
TODAY J. PIERPONT Morgan,  
the influential financier, starts  
across the ocean on his yacht, Cor-  
sair.

It's a bigger Corsair than that  
used by his father years ago. But,  
huge for a yacht, 343 feet long, the  
Corsair is, nevertheless, a small boat  
compared with modern giant pas-  
senger liners.

Even the richest man could hard-  
ly afford a ship as comfortable as  
the one that carries the cloak and  
suit buyers of the latest styles in  
Paris, and brings them home to  
copy them. That isn't exactly so-  
cialism, but it's a good imitation.

CIVILIZED MEN LAUGH at  
"taboos" that keep a woman in the  
South Seas from touching a canoe,  
make it a crime to touch a man  
with your hands after you have  
touched a horse, and forbid the eat-  
ing of certain animals, etc.

BUT the taboo is not dead,  
even in civilization. Horror  
seized the British House of  
Commons yesterday, when a  
Laborite member, Beckett, laid  
hands on the heavy table that  
lies on the table in front of the  
speaker, and ran toward the  
door with it.

The maid symbolizes the  
power of the House of Commons.  
Beckett was suspended, 324 to  
4.

KURDS FROM PERSIA, con-  
vinced that Kemal Pasha, Turkish  
dictator, flouts the will of Moham-  
med, undertake to correct him. Over  
15,000 of them, pouring in from Per-  
sia, made their headquarters on Mt.  
Ararat, burning, robbing and steal-  
ing, as proof of their fondness for  
Allah and the prophet.

KEMAL KILLED ABOUT 15,000,  
nearly all of them. But the Kurds,  
desperately courageous as is usual  
with Mohammedans, say he will  
have to kill all of them to make  
them leave.

Their treatment of one Turkish  
aviator whom they shot down, im-  
mediately gouging out his eyes,  
proving their earnestness.  
Kemal's bombing planes are  
searching the Mt. Ararat crevices  
where Kurds hide, a change from  
one day when the ark landed peace-  
fully!

ARMENIANS are doing what  
they can to help the Kurds kill  
the Turks. In the light of his-  
tory you can hardly blame  
them, but they may regret it.  
Kemal promises to wipe out  
their villages.

IN NEW YORK LAST NIGHT,  
two little boys, weighing together,  
298 pounds, were matched in a  
prize fight. Thirty-five thousand  
paid high prices for tickets to see  
them.

Not 4,000 would have paid half as  
much each to hear Einstein tell  
about his relativity theory.

IN ADDITION TO A MORAL,  
the fight is a lesson for self-starv-  
ing young women. Sammy Mandell,  
according to Dr. Walker, who ex-  
amined him when he was weighed,  
was "dried to the last ounce," try-  
ing to keep down to 135 pounds for  
the fighting test.

He planned to gain strength, in-  
crease his blood supply, and add  
three or four pounds to his weight,  
by eating and drinking before the  
fight started.

Consider the folly of young women  
who starve themselves delib-  
erately month after month.

## Murder Charge Filed In Murphy Death

### SECOND DEGREE CHARGES FILED AGAINST WOMAN

Mary Tinney Confessed To  
Shooting, Sheriff  
Says On Stand

### DRAGICH FREED OF PART IN SLAYING

Held As Witness Under  
Bond; Barlow Tells  
Of Shooting

Mary Tinney, 23, of Salem, was  
bound over to the Columbiana  
county grand jury on a charge of  
second degree murder by Justice  
of Peace M. K. Zimmerman in Lis-  
bon today.

Miss Tinney will be charged with  
the slaying of Frank Murphy, 29,  
of this city, who died in Central  
Clinic hospital Saturday night from  
a bullet wound in his neck.

Pete Dragich, at whose home,  
187 West State street, the shooting  
occurred, was exonerated from any  
charge in the actual murder but is  
being held in Lisbon as a material  
witness in the case. Miss Tinney  
is being held on \$10,000 bond while  
bond of \$5,000 was set for Dragich.

Neither was able to furnish bond,  
both being returned to county jail.  
A written confession was the  
basis of the charge filed against  
the woman. Sheriff W. J. Barlow  
testified at the hearing. The con-  
fession, according to the sheriff,  
stated that Miss Tinney picked up  
a gun lying on the table after Mur-  
phy had made accusations against  
her character.

Dragich entered the room as  
Miss Tinney pointed the revolver  
at Murphy and attempted to wrest  
it from her. He grabbed the woman's  
arm causing the weapon to be  
discharged, the sheriff declared.  
Miss Tinney's confession stated.

Funeral service was held Wed-  
nesday for Murphy at Georgetown,  
Ind., his former residence and the  
home of his parents, Mr. and Mrs.  
J. R. Murphy.

Dragich was represented by Atty.  
Walker W. Beck while Atty. George  
T. Farrell was Miss Tinney's coun-  
sel in Zimmerman's court.

### CHILDREN AT CAMP GAINMORE

ALTHOUGH five boys and 16 girls have been at "Camp Gainmore" but 10 days, all youngsters have shown  
official gains in weight. The camp is sponsored by the Columbiana County Public Health League  
through the sale of Christmas seals and county Kiwanis clubs, but as the sale of seals fell below the average  
last December, only 25 children could be cared for this year as against a record of 35 boys and girls a  
year ago.

The camp is located on county property near the County Home, and is in charge of Miss Irah Kauf-  
mann of Shreve, O., who is also public health nurse at Parma, near Cleveland.

### HORTICULTURAL TOUR ATTRACTS MANY GROWERS

Between 400 and 500 Are  
Present On Trip In  
Two States

Between 400 and 500 people were  
in the automobile tour taken by  
members of Columbiana and Ma-  
honing County Horticultural so-  
cieties Thursday on an inspection  
of apple orchards in Columbiana  
county, O., and Hancock county,  
W. Va. There were about 100 ma-  
chines in the caravan.

The tourists were headed by W.  
H. Matthews, of Salem, president  
of the Columbiana county society.  
Other officials of the societies in  
party are: L. J. Kirk, secretary of  
the Columbiana society, who lives  
near New Waterford, and C. J.  
Rohrer and M. B. Templin, of Can-  
field, president and secretary, re-  
spectively, of the Mahoning so-  
ciety.

The tourists assembled at Colum-  
biana, going from there to East  
Palestine, then to the Zundel or-  
chard near Negley. From there  
they toured to the O. C. Vodyrey  
farm, northeast of Calcutta.

Leaving the Vodyrey farm, the  
party went to East Liverpool and on  
to the Herbert Brenneman farm  
in the vicinity of Newell, W. Va.  
Here a picnic dinner was enjoyed  
and a short program given.

President Matthews introduced  
the speakers for the occasion, Prof.  
Gorley and C. W. Ellenwood, of the  
Ohio experimental station at Woo-  
dward. Matthews also gave a short  
talk.

Brenneman has an apple storage  
house with a capacity of 20,000 bu-  
shels.

The Charles and James Stewart  
orchard in the Newell district was  
included in the tour.

Mr. Visser, of Argentine, a stu-  
dent at Ohio State university, in-  
terested in horticulture, was in the  
party.

### EAGLES TO HOLD PROGRAM JULY 27

First Anniversary Of Construction  
Of New Building Observance  
Scheduled By Salem Lodge

Quaker Aerie No. 316, F. O. Eagles,  
will observe the first anniversary  
of the construction of its new home  
with an all-day program of enter-  
tainment, Sunday, July 27.

An initiation will be held during  
the afternoon in charge of the East  
Liverpool degree team which came  
within a fraction of winning state  
honors at the convention in Newark  
this year. Clubs throughout the dis-  
trict have been invited to attend  
the affair.

The Eagles five-piece orchestra  
under the direction of John W.  
Hammermark will play in the af-  
ternoon following which lunch will  
be served. Entertainment will be  
provided by popular radio musicians  
and vocal artists during the evening.

The day's program has been given  
approval of the grand aerie.

DANCE SATURDAY NIGHT AT  
DUN EDEN PARK, CULLER'S OR-  
CHESTRA.

## Sponsors Rushing Vote On London Parity Pact

(By The Associated Press)  
WASHINGTON, July 18.—Spon-  
sors of the London Naval treaty to-  
day renewed their efforts to bring  
the pact to a vote at the earliest  
possible time.

First of all, they sought an agree-  
ment limiting debate, but held little  
hope of obtaining the consent of  
the opposition.

Next, they planned an attempt to  
exhaust the oratory of the treaty's  
foes by night sessions.

As a last resort, they held ready  
for introduction a petition for  
closure already signed by more than  
double the necessary 16 senators.

Meanwhile, the friends of the  
pact, refrained so far as possible  
from entering into the discussion on  
the senate floor, making it neces-  
sary that the opposition keep talk-  
ing or permit a vote.

Falling again in the effort to lim-  
it debate by unanimous consent,  
Senator Reed, Republican, Penn-  
sylvania, planned to move the sen-  
ate remain in session this evening  
and meet again tomorrow, aban-  
doning the usual Saturday holiday.

The administration forces are re-  
luctant to resort to the closure rule,  
feeling it will bring charges of gag-  
ging the senate from the opposition.

A two-thirds vote is necessary to  
make the rule effective, and the  
outcome of the ballot was in doubt.

If presented today, the vote would  
be taken at 1 o'clock on Monday.  
After its approval, all senators  
would be limited to one hour of  
speaking until a vote on the ques-  
tion of ratification is taken.

### LODGE INSTALLS YEAR'S OFFICERS

Sebring Man Presides At  
Salem Odd Fellows  
Event Thursday

Representative James Elliott, of  
Sebring, was master of ceremonies,  
when Amity lodge No. 124, I. O.  
O. F., installed its new officers at a  
meeting Thursday evening at the  
hall, South Broadway.

LeRoy Porter was installed as  
noble grand, while George H.  
mounts is vice grand.

Other officers are: Warden, John  
Lou; conductor, Edwin Goodballot;  
chaplain, J. C. Moore; right scene  
supporter, W. B. Truta; left scene  
supporter, W. Arnold; right sup-  
porter to noble grand, B. B. Bur-  
nett; left supporter to noble grand,  
D. F. Foltz; inside guardian, Eugene  
Snipes; outside guardian, Carl Gr-  
aber; right supporter to vice grand,  
LeRoy Hively; left supporter to vice  
grand, Wallace Stewart.

Representative Elliott also gave a  
report of the grand lodge sessions.  
Initiatory work will claim attention  
at the meeting in one week.

### Zaro Agha, 156, Arrives In New York; His First Hundred Years Were Far The Easiest

(By The Associated Press)  
PROVIDENCE, R. I., July 18.—  
Zaro Agha who says he is 156 years  
old, and that the first 100 years  
were the easiest, landed here from  
Turkey today to get himself a set  
of false teeth and, for a considera-  
tion, to let American scientists have  
a look at him.

The date of his birth, as given on  
his passport, was February 16, 1774.  
His great great grandson, Arnel  
Mussa, who accompanied him, said  
this was based on an actual record  
in the possession of the Turkish  
government.

Yellow and wrinkled with a  
hawk-like nose, bristling grey  
mustache, and lively, curious eyes,  
weirdly alive in their deep-sunken  
sockets, Zaro Agha sat in the sun  
on the deck of the steamer Sinai  
and talked of wars and women, and  
the third set of teeth that grew  
at the age of 105.

"They weren't very good teeth,"  
he said, "and only lasted 15 years."  
Zaro Agha has been married 12  
times and had 36 children, all of  
whom are now dead save one  
daughter who was born when he  
was 96. He has lost all track of the

### NEED OF SCHOOL STUDIED DURING BOARD MEETING

Voters May Have Problem  
Of Tax Levy At Polls  
In November

### BUILDING WOULD AID CONGESTION

Selection Of Site Now  
Faces Board; Will  
Rush Project

Need of a new junior high school  
to relieve congested conditions in  
the city's public schools was ex-  
plained to members of the board of  
education by Superintendent of  
Schools John S. Alan, Thursday  
night.

Alan explained that the increased  
enrollment resulting from the an-  
nexation of Perry township school  
districts to the city will over-crowd  
practically every grade classroom  
and stated that while accommoda-  
tions can be provided in a fairly  
satisfactory manner during the  
1930-31 term, some action must be  
taken to improve conditions within  
the next year.

May Hold Session  
The board took immediate action  
on the superintendent's recom-  
mendations and may hold a special  
session soon for the purpose of  
making a final decision as to when  
or not the matter of a mill levy to  
provide funds for the new school's  
construction shall be placed before  
Salem and township voters at  
the November election.

The superintendent also sub-  
mitted the suggestion that the levy

### VILLAGE COUNCIL ACTS IN LISBON

Traffic Laws Revised At  
Special Meeting; Plan  
Extension Project

LISBON, July 18.—An ordinance  
supplementing and amending exist-  
ing traffic laws was passed under  
suspension of rules at a special  
meeting of village council Thursday  
night.

The ordinance provides for sev-  
eral new regulations regarding ve-  
hicular traffic here, practically  
re-codifying the village's entire list  
of laws.

An ordinance providing for the  
annexation of territory adjacent to  
the village was tabled pending fur-  
ther investigation into the matter  
by council sections proposed for an-  
nexation included Gander Flats,  
Pleasant Heights, part of Canton  
hill territory west of the village,  
Leost Grove, and a section of  
North Market.

The village's population will be  
increased by 50 if the extension is  
approved.

The zoning of certain sections of  
the village for the intention of pro-  
hibiting erection of gasoline filling  
stations was presented through a  
third ordinance but no action was  
taken.

### BECK WILL GIVE CLASS ADDRESS

Member Of Mount Union College  
Faculty To Speak At Salem  
Business College Event

Dr. Dwight M. Beck, member of  
the Mount Union college faculty,  
will be the speaker at the annual  
commencement exercises of Salem  
business college at the Memorial  
building tonight.

Thirty-seven students will receive  
diplomas. The exercises will start  
at 8 p. m. and are open to the pub-  
lic.

Miss Betty L. Moss will preside at  
the piano while Rev. S. A. Mayer  
will give the invocation. R. D. Wal-  
ter will give the benediction while a  
trio composed of Edith Smith,  
Lucille Hasson and Edna Smith, will  
sing.

Diplomas will be presented by  
Franklin F. Wells.

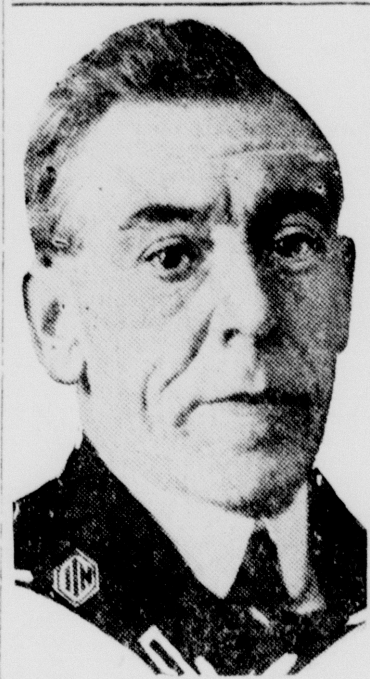

### Salem Youth Given Officer's Ranking

Herbert L. Shriver of Salem, has  
been appointed to the non-com-  
missioned officer grade of corporal  
in Battery A at the Citizens' Mil-  
itary Training camp at Camp

nition. MacDonald is the man who  
confessed in 1921 that his testimony  
against Thomas J. Mooney and  
Warren K. Billings was perjured.  
Mooney is serving a life sentence in  
California for the Preparedness day

### MONEY ORDER CASE MAY BE ALL CLEARED

Man Arrested May Be One  
Who Passed Forged  
Papers Here

The arrest of W. W. Williams, 35,  
of Pleasantwood, Mont., is believed  
to have cleared up the circulation  
of forged money orders in Salem  
stores about 10 days ago.

Williams was apprehended by  
police in Dunsmuir, N. Y., Thurs-  
day afternoon while attempting to  
pass a forged money order for \$36  
to a merchant in that city. Three  
hundred money order blanks, all  
believed to have been stolen from  
the Renardale, (Pa.) postoffice in a  
robbery there on Feb. 21, were in  
Williams' possession.

Money orders totalling more than  
\$200 passed in Salem stores, were  
reported to Police Chief T. W.  
Thompson and Postmaster Frank J.  
Eckstein. They were all listed out  
of Renardale, Pa.

Thompson immediately notified  
federal authorities in Youngstown  
on receiving word from Dunsmuir  
that the worthless orders had also  
been under circulation here, and  
the Salem cases may be used as a  
basis for the preferring of charges  
against Williams. Descriptions of  
the suspect will be sent to this city  
immediately to determine whether  
Williams was also responsible for  
activities here.

Arraignment of Williams on a  
federal charge will be made in a  
United States court in New York.

### Apple Butter Plant Burns Near Lisbon

The apple butter plant on the  
Grant Pike farm, Salem road, north  
of Lisbon, was totally destroyed by  
fire Thursday afternoon. It is  
thought the fire was started from a  
brush pile.

By the time the fire department  
arrived little could be done except  
to get the fire under control and  
protect other buildings in which  
they were successful.

The extent of the loss was un-  
determined as material stored in  
the building was also destroyed.

### Reilly Light Pole Painting Planned

Plans for the painting of the  
lighting system at Reilly athletic  
stadium were introduced by the  
board of education during its special  
meeting at the high school  
Thursday night.

J. H. Gouldsberry of Leetonia,  
asked for the contract, but no ac-  
tion will be taken by the board  
until the meeting, August 1st.

Gouldsberry stated that he would  
submit an estimate of the cost of  
the work at that time.

### Aviator Visiting Relatives In City

Verne Christen, former Salem boy  
and an aviator, is visiting relatives  
in Salem. Christen is a government  
licensed transport pilot and has over  
3,000 hours flying to his credit.

Christen has been flying through  
the southern states since a visit here  
last fall. He flew north in his own  
plane.

### REILLY STADIUM WORK IS LISTED

More Teachers Will Be  
On Payrolls Than In  
Last Session

A total of \$215,489 will be needed  
for the maintenance and operation  
of Salem public schools during the  
1930-31 school term, the Salem board  
of education estimated in the forma-  
tion of its financial budget for  
next year at special meeting Thurs-  
day night.

The budget provides for an in-  
crease of more than \$12,000 over the  
1929-30 appropriations which to-  
talled \$203,200. The increase re-  
sulted from the extension of the  
city's school districts to include the  
entire Perry township area.

While Salem schools will lose  
\$22,000 in tuition through the an-  
nexation of the Perry area, they  
will receive money from taxation of  
property valued at \$450,000.

Special Items Included  
Few special items are included  
in the budget which will be sub-  
mitted to the county budget com-  
mission for possible changes and  
suggestions. Principal among the  
projects for which the board hopes  
to obtain funds from general tax-  
ation are the improvement of play-  
grounds at Reilly and Columbia  
grade schools and the completion of  
Reilly athletic stadium.

It is planned to complete the  
stadium next year with the con-  
struction of a brick and concrete  
wall on the west side, completely  
encircling the field. A wall has been  
built on the east side this summer  
by John Ald. Salem contractor,  
while work is now under way on the  
erection of an additional set of  
bleachers to increase seating ac-  
commodations to more than 4,000.

Four Teachers' Salaries  
Slight increase results in the  
board's request for funds to provide  
for payments of teachers' salaries.  
A total of \$114,000 is asked for this  
purpose. Other expenditures antici-  
pated under the subject of general

APPOINTMENTS—THE SENATE

General Jadwin's refusal to be considered for the chairmanship of the federal power commission is believed to have been prompted by the realization that strong opposition to his nomination would develop when his name came up for confirmation in the senate. While General Jadwin publicly announced that he had a private business venture pending which appeared more attractive, friends of the administration see in his action a desire to avoid the experience which met other presidential nominees during the recent session of congress.

It is well-known in Washington that General Jadwin's views on waterpower rights had aroused much senatorial opposition. As former chief of engineers of the war department, he was opposed to government operation of Muscle Shoals, for which a majority of the senate voted at the session terminated a few weeks ago. It also has been pointed out that General Jadwin had opposed turning over the Great Falls of the Potomac river for a national park instead of a private power development and that he was critical on the Boulder dam subject.

A senatorial fight upon any presidential nominee during the present special session is viewed by the administration as dangerous and this fact may have played a part in Jadwin's decision to refuse the nomination. Rejection of a nomination in special session would give the senate another victory in its fight against the White house, a dangerous thing for the president in any session and especially dangerous when a naval reduction treaty is being considered.

Accordingly, it is believed that any nominations submitted by the president to the senate at the special session will be of such character as to preclude all possible senatorial hostility. In addition to the five nominations for the power commission, the most important yet to come are the six for the reorganized tariff commission and a new secretary of labor if Secretary James J. Davis wins his fight for the senate in Pennsylvania.

## What Others Say

SCHUMANN-HEINK.  
A prima donna is something more than a voice—something more in fact, than a woman with a voice. To be real, to have an enduring hold on the people of the civilized world, she should have something of the angel in her. There should be true sweetness in her character, and that, as all opera-goers in America will testify, was, and doubtless still is, true of Mme. Schumann-Heink, our best-loved of prima donnas. Indeed, like Mistress Ford, she has seemed at times to have "twenty angels in her." And now, at sixty-nine, Mme. Schumann-Heink is still singing, and has thirty engagements before her! Belonging to the heavenly choir, she is loth to leave it, "I could not retire," she says, "until I lost my voice. I want to be useful. I want to go on singing." One can believe her when she says that she wants to die singing—not on the stage, in a manner to create a disturbance, but as it were, quietly, with a song on her lips. And there are plenty who can believe that that would not be the end of her singing.

Mme. Schumann-Heink was never of those prima donnas who, poet, and exact musical scorn. In concert, she never kicked the piano stool out of her way, as the present writer once saw a famous prima donna do—a very famous prima donna, who nevertheless soon vanished from the stage, and is now remembered only as a name. Mme. Schumann-Heink does not vanish. It is a blessed principle of the vocal art that a wonderful voice, whose proper and superlative use has once been thoroughly mastered, often lasts into old age. But we believe that, to make it so last, there must be character along with the voice. With a woman so doubly endowed, it is never a case of vox et praeterea nihil.

And at least it is not so much with Schumann-Heink.

Just what proportion of survival of the full quality of her early and middle-age voice this beloved singer still reveals in her song we shall not attempt to say, but we are sure that she was last night listened to by many thousands with delight, and that her strains will echo long and sweetly, because they echo in the heart as well as in the ear. She says it was a little hard to sing "Oh, Rest in the Lord" because "so much came up in her throat." But there is her appeal in these performances. So much, in the case of those who through so many years heard her gladly, "rises from the heart and gathers to the eyes." It is the appeal of pure sentiment, joined with a tone that is still sweet—if not so full and sweet as once it was in its musical quality, at least as full and sweet in its memories. "I've come at last," she says, "to youth!" Hers is the sort of youth that challenges the years.—Boston Transcript, June 16.

## EXERCISE CARE IN DIETING

Recent years have witnessed the evil effects of a diet craze. It might have resulted in making us a nation of neurotics had it not been for the awakening of our good sense. Whole-some advice as to right methods of procedure has been accepted. Every person who considers taking on some drastic reducing diet should first consult a competent physician and submit to his supervision. A too rapid reducing diet may cause much harm.

The breaking down of the fatty tissues when reducing too quickly causes the body to be flooded with waste products. These poisonous substances accumulate to such an extent that they are incapable of being eliminated or counteracted. The human frame requires a certain amount of adipose deposit. It supplies a reserve of energy, and acts as a desirable padding material to the other tissues. The whole system works better when lubricated by the fats we eat. It is most essential that growing children and young people have this reserve stored. It assists the body to resist disease.

Although tuberculosis has decreased of late years in general, it is only too true that it has increased alarmingly among young girls and women, between the ages of 15 and 24. It is significant that these are the ones who have become slaves to the slender figure fashion.

Overweight after maturity is another problem which is attracting much attention. This may be dangerous. While diet governs the body weight to a great extent, other factors like the action of the endocrine glands, and chronic disturbances of any function of the body may also affect it. This is certainly true in many cases of overweight.

Everyone has easy access to tables showing the average body weights for the individual height and age. When it is found there is a pronounced variation from normal weight, it must be suspected that some underlying cause demands discovery. This is certainly the case if the diet has been a proper one. Your doctor can probably determine this and will advise regarding it.

A reducing diet should be relatively low in fats and carbohydrates, and relatively big in proteins. There must not be too much protein, but enough. By including in it also the necessary mineral salts, vitamins and bulk which fruits and the leafy vegetables afford, you are pretty sure to attain proper nourishment and a normal weight.

Sugars and starches must be cut down to a minimum. Creamy fatty meats and fish, butter and whole milk cheeses, rich sauces and dressings should be avoided. Cottage cheese is a very good substitute for other cheeses in a reducing diet.

Daily exercises should form the backbone of a reducing program, rather than a cutting down to too dangerously near a minimum food intake. Meals should be sufficiently bulky so that hunger is satisfied, and the organs of digestion and elimination are given something to work upon. If your daily food intake which is fuel for body energy is burned in the body, there should be no residue left to form undesirable fat.

## Highlights Of Ohio History

By J. H. GALBRAITH

Senator Ben Tillman was a planter all his life and often tried the planter's peculiarities of dress and manners into the senate chamber but neither in the senate nor back on his plantation did he ever throw the conventions of the dress and manners into the senate chamber. He was a giant in frame and the hard physical work which he was required to do through his growing years had given strength that it was a pleasure for him to use. Even when well along into middle life, it is recalled of him that he liked to play ball on the village green.

Giddings' parents were poor, his father losing his farm through a defect in the title at the time when a little help to his son would have been of the greatest benefit. As an overgrown boy he worked on the construction of the Erie canal. He ceased attending school as soon as his services were of use on the farms, and he was 23-years-old before he ever supposed it possible for him to have a profession.

At that age he began studies again under the direction of a Presbyterian preacher who was living in their neighborhood, with such success that in less than four years he had not only taken a general education course, but prepared himself for admission to the bar and partly supported himself in the mean time by teaching school.

Old residents of the Ashtabula county village where he lived, remember that he used to come home from congress in the hot summer

months, and as the rural expression was, "turn out to grass." He lounged for the relief from the conventionalities of dress against which his soul never ceased to rebel, and to get such relief for body and soul as was to be found in walking barefoot through the streets of the village, wearing brown linen trousers, an old straw hat and going always in his shirt sleeves.

## SUMMER HEAT DELAYS WORK

### Testing Of Coal At Ohio State University Gives Results

COLUMBUS, July 18.—Because of summer weather, the tests of Ohio coal begun last spring by the engineering experiment station at Ohio State university, have been discontinued until fall. The state, the university, and leading operators are cooperating in the tests designed to help improve the market for Ohio coal.

During the summer, H. M. Faust, research engineer in charge of the tests has been working with the state department of finance in studying ways and means of improving the coal firing methods in use at state institutions. He has worked out also a number of tests to be used in preparing specifications for the state's fuel needs next year.

The tests were begun in April, using a 600-horsepower boiler at the university power plant. Eleven tests have been run to date using 1 1/2 inch nut, pea and slack from a mine of the Sunday Creek Coal company, and the others on the same types of coal from a mine of the New York Coal company.

Results of the first tests will be announced as soon as instruments used in the tests are calibrated, data tabulated and the findings computed. It was announced in the last issue of the Engineering Experiment Station News.

## NEW LIBRARY IN COOPER'S HOME

### Wife Of Governor Gave Impetus To Gathering Books Of Ohio

COLUMBUS, July 18.—The Ohioana library at the governor's mansion, inaugurated several months ago at the suggestion of Mrs. Myers Y. Cooper, has grown to approximately 300 volumes.

The collection, known as the Martha Kinney Cooper library in honor of Mrs. Cooper, contains many valuable books by Ohio writers and other distinctive books about Ohio.

The library has a four-fold purpose as set forth by its founders. Through it an effort will be made to acquaint the public with the large number of writers in all kinds of writing and creative work who are from or of Ohio.

Its founders hope to stimulate state pride through such a collection. By assembling this representative Ohioana collection in one place as a correlated unit, all who visit Columbus are free to see and enjoy it. Through it also, honor and recognition will be accorded those who have contributed to the culture, education and advancement of the state.

Both at the mansion and at the state library, a permanent card catalog of all Ohio writers and of books relating to the state has been prepared.

The library at the mansion was established without state funds or appropriation. Individuals, organizations, and clubs are cooperating with the group of 21 men and women directly in charge of the venture.

## SEARCH FOR MAN IN MURDER CASE

Nephew of Woman Detective Gone;  
Victim Killed by Beating  
On Head; Body Found

SAUGUS, MASS., July 18.—Search was under way today for Bernard Thompson, 22-year-old nephew of Mrs. K. Edith (Thompson) Wight, woman detective, whose battered body was found in her home yesterday with a bag of diamonds valued at \$7,000 missing.

Police said the nephew, who had lived with Mrs. Wight and who entered the house with her Tuesday, was the last person seen with her alive. He moved out of her home a week ago.

The body was found when a neighbor, seeing her automobile had not been moved in the front yard for two days, attempted to rouse her.

Blows from a blackjack caused the woman's death, Dr. George B. Magrath said. The weapon was found on a table nearby. She was a detective in several large department stores.

## Motions Filed To Quash Indictments

CLEVELAND, July 18.—Motions to quash the liquor conspiracy indictments against former Police Sergeant Ellis Darany, John Guest, Mike Smith and Louis Couris, all of Canton, were under advisement by Federal Judge Samuel H. West today.

The motions were filed yesterday by Attorney Miles E. Evans, who contended the indictments are vague and weak.

The four men were arrested as the result of a federal investigation of an alleged alliance of former Canton city officials and the underworld in protection and operation of liquor rings.

## Examiner Named

COLUMBUS, July 18.—S. F. Ridings, Greenville, has been appointed a member of the state board of dental examiners for a five year term, succeeding Dr. F. H. Whitbrook, Lima. Governor Cooper, also named Dr. D. G. Loomis and Dr. G. O. Prebst, of Middletown and Columbus respectively, to the Ohio Public Health Council.

Senator Reed is shown as he arrived at the Capitol.

## VETERANS MAKE AID REQUESTS

### Passage Of New Measure Brings Many Requests From Disabled Men

WASHINGTON, July 18.—An army of infirm men have begun a march on government headquarters in 54 cities of the United States, seeking to share additional benefits provided for World War veterans in the closing hours of the last congress.

Colonel George E. Ijams, assistant director of the veterans' bureau, said today that thousands already have visited regional headquarters throughout the country apply for disability compensation under the new law.

So thoroughly prepared was Uncle Sam that the government machinery grinding out benefits before another month passes.

Additional balm for war scars provided in the new act will amount to about \$25,281,000 by the end of the next year, it is estimated, and it will increase yearly, reaching about \$80,570,000 during 1935. These sums are in addition to the half billion dollars now being spent by the veterans bureau.

About 156,000 former soldiers made eligible for relief for the first time since the war ended will share the new bounty by the end of 1931. They will increase in number annually, reaching about 380,000 in five years.

The new act provides that any honorably discharged veteran now disabled shall receive an allowance from Uncle Sam. Previously, he had to demonstrate his infirmity was the result of war service. The only conditions for receiving the relief is that the disability be permanent, and not the result of wilful misconduct.

## MANY STUDENTS ATTEND CHURCH

### Survey At Ohio State U. Discloses "Godless" Decree False

COLUMBUS, July 17.—Claims of critics that college students are "ungodly" are far from being born out in a religious census taken among the 14,495 students who attended Ohio State university during the 1929-30 school year.

The annual report of Miss Edith D. Cockins, registrar, shows that 11,764 students professed membership in or preference for one or another 31 sects or denominations. Religious preference of one sort or another was expressed by 82 per cent of the students.

Though the university is non-denominational, it had more Methodist students than the largest college in the state, more Presbyterians than the two Presbyterian church institutions, and more Catholics than any Catholic college or university in the state. The same was true of other denominations.

Methodists headed the list among students, with a total of 3,744 Presbyterians were second with 1,812. Others in the first ten included Catholics 955; Jewish, 847; Lutheran, 792; Baptist, 550; Congregational, 489; Episcopalian, 444; Christian church, 317, and United Brethren, 302.

## CALIFORNIA HAS TORRID WEATHER

### First Heat Death In 23 Years Occurs; Hotter Weather Predicted

LOS ANGELES, July 18.—Southern California today faced the prospect of hot blasts sweeping in from the Mojave desert to intensify the heat responsible for seven deaths in five days and the first death by sunstroke recorded here in 23 years.

Weather bureau officials said an area of low pressure over Arizona and Lower California would reach this vicinity today, taking the place of a breeze which somewhat alleviated the discomfort here yesterday.

The death of Lloyd Eldridge, 28, oil field worker, prostrated while on a derrick at Montebello, was announced by the Los Angeles county coroner's office as the first death from sunstroke recorded here in 23 years.

The mercury hovered at 110 throughout the Imperial valley and reached 103 at Ontario, Cal. Riverside sweltered under a 100 degree temperature.

## TROOPER KILLED BY BLACKMAILER

Shot By Man Who Mailed Threat To Merchant; Kills Slayer After Being Wounded

MONESSEN, PA., July 18.—A state trooper and a suspected blackmailer shot each other to death in a cemetery here early today.

The trooper, Private Charles Stewart, 23, was assigned with other officers to guard a packet containing \$10,000 in marked money, placed near a tombstone by W. F. Wright, wealthy furniture dealer, who recently received a death threat.

Shortly after the troopers took up their vigil, a man later identified as John Sabol, 25, Monessen, appeared in the cemetery. As he stooped to pick up the packet, Stewart pounced upon him. Sabol whipped a pistol from his pocket and fired at Stewart, wounding him in the abdomen, as he fell to the ground, Stewart fired at Sabol, killing him instantly. Stewart died a few minutes after being removed to the Monongahela hospital.

Wright told police he received a letter several days ago, demanding he place \$10,000 in the cemetery at 2 o'clock this morning. He was to be slain if he failed to comply with the demand, the letter said.

## Youth Not Blamed For City's State

CHICAGO, July 18.—Chicago, says the Rev. Sam Steeg of Manila, P. I., "is the most Godless city in the world," and he adds: "I have been to Shanghai and Paris, too."

The fault lies not in flaming youth, said Steeg, attending the Chicago Methodist church and meeting, but with citizens, "in their foolish, fat forties."

"Even in this wicked city," he said, "40 percent of the high school girls disapprove of petting. That is better than they did in my day—all of 30 percent better."

### GANG-SCHUSTER

Miss Mary Schuster, daughter of Mr. and Mrs. Stefan Schuster, of Salem, and Ralph Gang, son of Mr. and Mrs. Charles Gang, of Alliance, were united in marriage at 3 p. m. Thursday by Rev. B. E. Rutzy, pastor of Emanuel Lutheran church at the parsonage. The nuptials were witnessed by the immediate family.

The bride was attired in a creation of robin egg blue chiffon and wore a lace picture hat and other accessories to harmonize. Her bouquet was of sweet peas and baby breath.

A 6 o'clock dinner was served at the bride's home to 50 relatives and friends. A large pink and white wedding cake, ornamented with a miniature bride and groom, graced the table.

Immediately after the dinner the young people left on an extended automobile trip through the east. Mrs. Gang chose for her going away suit an ensemble of ivory and green with matching accessories. Upon their return they will make their home with the bride's parents for the present.

Out of town guests were Mr. and Mrs. Charles Gang and family and Mr. and Mrs. Robert Gang and daughter, of Alliance.

During the week there were two pre-nuptial showers given in honor of the bride. She was the recipient of many gifts.

### SHOWER FOR MRS. GONDA

Mrs. John Gonda, before her recent marriage, Miss Helen Endres, was honored with a miscellaneous shower Thursday evening given by the Ladies Catholic Benefit association at K. of C. hall, South Broadway. She received many beautiful gifts for her new home.

Five hundred and euche were favored pastimes and prizes in the five hundred games went to Mrs. Stanley Lentz and Miss Catherine Hagan, while Mrs. William Judge and Miss Mary Burke received the euche prizes. Mrs. Wilbur Hiddleston was awarded the guest prize.

Lunch was served by Mrs. George Endres. Out of town guests were Mrs. Lentz, of Cleveland, and Mrs. William Nellis, of Sharon, Pa.

The association will hold a business session on Aug. 7.

### MRS. LITTY HOSTESS

With two tables engaged the hours were devoted to bridge at a gathering of club associates Thursday evening at the home of Mrs. John Littly, Vine avenue. Mrs. Norman Kyle and Dr. Sylvia Morrison won prizes in the games. The hostess served lunch. Mrs. Cecil Scott was a guest.

In four weeks the members will meet with Miss Eleanor McMurray, East Sixth street.

### MEADOW BROOK CLUB

Contests and readings helped make the evening enjoyable when members of the Meadow Brook Community club held a meeting Thursday evening at the home of Mr. and Mrs. Otis Rhodes, northwest of Salem. Lunch was served by the social committee.

On Aug. 21 the members will meet with Mr. and Mrs. Thomas Carr, northwest of Salem.

## REICHSTAG IN CAST OUT BY RULE

Action Comes Amid Howls Of Opposition To Movement

(By The Associated Press)  
BERLIN, July 18.—The sword of dissolution which had been hanging over the Reichstag ever since the Brüning cabinet came into power determined to push through its financial reforms finally fell today.

Knowing that Chancellor Brüning had President Hindenburg's authorization to send them home if they revoked his revised program, Brüning read the Reichstag law which earlier in the week he had pushed through under article 48 of the constitution. The Reichstag members nevertheless today passed by 236 to 221, a motion revoking the cabinet's measures.

Chancellor Brüning thereupon declared the Reichstag dissolved nullifying their action amid the howls of the opposition. New reichstag elections, according to the constitution, must be held not later than September 14 this year.

Until the election the Brüning cabinet will continue in office ruling under the emergency powers conferred by article 48.

The reichstag was in an uproar when chancellor Brüning read the order of dissolution. The din was so great that he could not be heard. At its end, and his utterance of the signatures of President Hindenburg and himself were wholly drowned out.

Immediately after the dissolution the police threw a cordon around the building to prevent any demonstrations.

The new reichstag, under the law, must assemble 30 days after election. For that reason there will not be another reichstag session until October 14 next.

## Carrollton Citizens May Purchase Plant

CARROLLTON, July 18.—The Carrollton Pottery Co. plant, which was sold to the American China-ware corporation, and later stripped and shut down, may resume operation again, since the operation has virtually agreed to sell back the plant.

The town will be asked to subscribe to 50,000 shares of preferred stock at 7 per cent.

Employees will be asked to work 60 days at half pay. Approximately 26,000 shares have been informally pledged to a stock issue by Carrollton citizens.

# ALL RESCUED AS STEAMER BURNS

German Vessel Sinks As  
Fire Destroys It;  
Radio Reports

LONDON, July 18.—The British steamer Rangitata radioed to the Portsmouth wireless station today that she had rescued all passengers and crew of the German steamer Targis, which burned and sank at about midnight in latitude 35.54 north longitude 50.07 west.

First message from the Rangitata came at 11:14 p. m. Thursday and announced that half the crew and all passengers of the Targis, bound from Valparaiso to Antwerp and Hamburg, had been picked up by the Rangitata. The Targis was said to be burning in No. 1, 2, and 3 holds.

Seven minutes later another message said that the Targis holds had burned through to the boiler and engine room, the vessel was filling with water and in a sinking condition.

The last radio message said that all passengers and crew were rescued by the Rangitata, which was standing by watching the vessel sink at the request of the master of the Targis.

The Targis was a freighter and carried a crew of about 40 hands. A representative of the North German Lloyd line in New York said there were accommodations for not more than 10 passengers and she probably had aboard not more than three or four.

# MARKETS

## MARKET POINTS UPWARD

NEW YORK, July 18.—Professional operations for the advance in a handful of pool favorites kept the stock market pointed upward during most of the early hours of trading today. Although several pivotal shares were inclined to waver.

As the market had crept higher seven out of the past nine sessions, many traders felt that a reaction was due and took profits. U. S. steel, Americans can and American telephone sold off a point or so at times, but were quickly supported.

The rails were strong groups. Wash Delaware and Hudson, Frisco, Atchafalaya and Chesapeake and Ohio gained about 2 to 3 points. Auto stock shot up over 7 points to a new high at 72. In what appeared to be a run in of shorts and case gained as much. Procter and Gamble was also a strong spot, gaining about 4. International telephone, Radio and electric auto life sold up about 2.

Call money again renewed at 2 percent.

should come at this year's polling following which the board approved a motion by Atty. Gen. H. Sharp, seconded by Clyde R. Reich, and by unanimous motion, completed plans whereby selection of a site will be rushed through as quickly as possible.

Present plans of the board call for the erection of a modern, 32-room structure of three stories. It will be of size equal to that of the present high school building and will contain a large gymnasium and auditorium. Plans will be requested of all architects who have submitted intentions of bidding for designing work while an estimate of the cost will probably be completed within the next month.

## Sharp Wants Opinion

Sharp asked the board's opinion on the use of the new building for a high school following which the present high school would be used for junior high purposes but no action was taken on his proposal after Alan declared the High school building is not of sufficient size.

Alan told the board that the junior high, as planned for the new building, will consist of two grades, replacing the present two-grade system. The freshmen class at the high school will be eliminated and will be enrolled as ninth grade in junior high.

A total of 700 students will be enrolled in the new junior high the first year, more than are now listed at the high school, Alan predicted.

An increase of 200 in enrollment is anticipated within three years.

The consensus among board members is that the levy will be submitted to the voters in November due to necessity of immediate construction of the new building.

## Toy Balloon May Be From English Town

NEW YORK, July 18.—Another transatlantic flight; anyhow, Milton J. Israel has mailed a toy balloon found on the roof of the apartment where he lives in New York. Labels asking its return indicated that it had been turned loose at a church bazaar in Caterham, Surrey.

# NEWS IN BRIEF

NEW YORK—The latest wrinkle in hot weather dress reform for men is a combination coat, vest and shirt called a blouse.

Prof. Leroy E. Bowman of the department of social sciences at Columbia university has been wearing one to classes and he made a speech to 17 other crusaders at a luncheon at Delmonico's before they paraded fifth avenue.

NEW YORK—It is hard to dispose of Scotch whiskey in this town under some circumstances. Murray Hulbert is counsel for an estate the settlement of which is held up by possession of 1,300 cases. The liquor is in quarts; re-bottling in pints is necessary for sale to druggists. All hospitals hereabouts have enough on hand.

MEXICO CITY—Harry Sinclair is paying the salary of a football coach for the National university. Reginal Root, former Yale tackle, has been engaged.

## Editor Resigns

COLUMBUS, July 18.—Robert O. Ryder, editor of the Ohio State Journal, has resigned because of ill health and Jacob A. Meckstroth, vice president and editorial director, has been appointed to succeed him.

## Gas Kills Man

CLEVELAND, July 18.—Carbon monoxide, escaping from his automobile in the rear of his home, today had killed Halsey J. Teare, 42, prominent Cleveland lumber dealer.

## Workers Injured

PORTSMOUTH, July 18.—W. F. Smith, 36, and Emmett Campbell, 43, were recovering from injuries today which they suffered when a scaffold on which they were working broke and hurled them 20 feet to the ground.

# BRIDGE WILL BE DEDICATED

Structure Across Maumee  
At Napoleon, Ohio  
Completed

NAPOLEON, O., July 18.—Labor Day has been set as the tentative date for dedication of the new \$400,000 concrete bridge over the Maumee river here.

Citizens committees now are engaged in completing plans for the ceremonies, planned originally for July 4, but postponed because the lighting system on the bridge had not been completed.

The bridge is said to be one of the most beautiful in the state, and is crossed by two state highways—33 and 34, and by U. S. route 24. Cost of the structure was borne by Henry county and the state highway department after the federal government had refused financial aid.

Governor Cooper, Robert N. Wald, state director of highways, and other state officials have been invited to attend the dedication. The Maumee River Boat club is planning a water carnival and regatta in connection with the occasion.

Through efforts of the Napoleon Exchange club, an air-marker, composed of letters 20 feet high extending the full length of the bridge has been placed.

## Want Light Plant

PORTSMOUTH, July 18.—Circulation of initiative petitions by an organization of citizens today had launched plans for a city-owned power and light plant here. The sponsors of the project hope to place the proposal before voters in the November election.

# So Fragile Is Your Baby's Spine

It isn't that parents do not really care. Yet—whatever the reason—the fact remains that the comfort of many a little one is handicapped today because mothers fail to provide them with a scientifically constructed baby carriage. Safety lies in choosing a shock-proofed carriage—the kind that is made by Lloyd.

Its basket-shaped body, oil-tempered springs, sturdy frame and balloon-tired wheels keep the tiny passenger as free from harmful spine vibration as when sleeping in its bed. Gay and subdued colors feature our display of new Lloyd baby carriages and strollers. Prices are extremely moderate.

## FARM NOTES

### Items of Interest Taken from Ohio Rural Districts

For taxes and assessments the Ohio farmer spends one of every five dollars of net cash income, or one of every eight dollars of gross cash income.

H. R. Moore, research specialist in taxation for Ohio State university is authority for this statement. Both tax needs and tax burdens have been affected by price trends, he says. "So long as the price of farm products increased as fast or faster than farm taxes, which was the situation from 1900 to 1920, the tax burden, as measured by price, remained about constant. But when converted into terms of prices of farm products, taxes on farms were 65 percent higher in 1928 than in 1913."

As an average proposition, Moore finds that property taxes equalled 17 per cent of the estimated net rent in 1900 and 26 percent in 1928. Data collected on 143 cash rented farms indicate a great variation in the percentage of income demanded for the payment of taxes. Moore points out. In individual instances variation was from less than 20 percent to more than 100 percent of the cash rent, he says.

Feeding wheat to hogs, rather than selling it to be made into bread, in order that Ohio farmers can win in spite of the low price of grain, it is suggested by J. W. Wuehler, extension specialist in animal husbandry Ohio State university.

Wuehler says that in virtually all experiments in which wheat was compared with corn, wheat-fed hogs made more rapid gains with less grain than did the corn-fed hogs. On an average of eight bushels of wheat are required to produce 100 pounds of gain. With hogs selling for nine cents a pound, wheat is worth, as hog feed, \$1.12 a bushel, at ten cents a pound \$1.25 a bushel. This is considerably above the farm price of wheat, he asserts.

When wheat is used in the ration, it should always be ground or crushed, Wuehler says. Sometimes soaking the whole grain before each feed has given satisfactory results, but this method generally is not as good nor as economical as grinding.

For best results, tankage or some other similar high-protein supplement should be fed with the wheat, he suggests. Contrary to what might be expected, a ration consisting of wheat and tankage has given better results in the experiments than a ration of equal amounts of wheat and corn plus the usual allowance of tankage.

Unless apple trees are especially well sprayed, and the summer spray perfectly timed, this year's harvesters next fall may expect to find an unusually large number of worms in the fruit, in the opinion of T. H. Parks, extension specialist in entomology at the university.

Parks bases his conclusions on results in his insect traps which he has been watching carefully. He expects a heavy emergence of second brood codling moths, and an emergence spread over a longer period of time. This is due, he explains, to the dry weather. In the western apple growing sections, where the weather is normally dry, codling moth injury to the fruit is difficult to prevent. This season conditions in Ohio are very similar to those of the west.

Too great a hurry to obtain blooms on annuals often results in weak and straggly plants, says Victor H. Ries, horticulturist at university.

If the tips of such annuals, as snapdragons, zinnias, dwarf morning glories, calendula, larkspur and others, are pinched back, the plants will grow more vigorous and bushy, Ries says. It will take, however, a little longer to produce the full amount of bloom, he declares.

One thousand herds of dairy cattle are now enrolled in dairy herd improvement associations in Ohio, and the number of associations has increased to 40, it has been announced at the university.

Once a month the milk from all cows in these associations is measured, tested for percentage of butterfat content, and the amount of feed consumed is recorded.

From these figures the dairymen determine which cows in the herd are profitable and which are not, say extension specialists in dairying for the university which sponsors the associations.

In these tested herds there are between 14 and 15 thousand cows, requiring the employment of 40 cow testers. Each tester has 25 herds under his supervision.

Every year each association is re-organized, members allowed to drop out and other farmers permitted to take their places. At the end of a year of testing, farmers whose herds average 400 pounds of butterfat a cow for the year, receive gold medals.

The associations are directed by the county agricultural agents, and Ivan McKelip, C. L. Blackman and T. Scott Sutton of the dairy department of the university.

While the apple crop in Ohio is light this year, production is spotty, and some fruit growers will benefit greatly by thinning, says F. H. Beach, extension specialist in fruit growing at the university. In some orchards, he says, the crop of Jonathan, Rome Beauty, Grimes, and Wealthy apples is heavy enough to require thinning.

Thinning, as a follow-up practice in fruit growing, improves market quality. Proper thinning does not reduce the yield, in fact it increases it, the yield of the best fruit of the larger marketable sizes, he as-

## HOME-MAKING HELPS

By Wanda Barton

### Ready for Jelly-Making?

Fruit preserving, either as jam, jelly or marmalade, is getting to be almost fool-proof. If only one has the proper equipment failure is almost impossible.

Even a mishap in the fruit can't wreck the venture because the prepared pectin which can now be purchased for a small sum and added to the fruit takes care of any inadequacy, whether fruit is under ripe or over-ripe.

What equipment is needed depends on the scale of preserving that is planned. For the average homemaker a small outfit which encourages occasional preparation of half a dozen jars or so, is preferable to the elaborate or huge canning devices, which mean a terrific upheaval once or twice. But that one large effort may wear her out for a week. A little preserving at a time is no more exhausting than a little cooking.

A folding rack holding half a dozen jars—and making it easy to lift them in and out of the hot water bath is a simple aid. Or the water bath canners that hold six jars are very practical—easy to handle, take little space when not in use and tempt one to frequent preserving days.

The smaller pieces of equipment, too, are essential. Above all, adequate and accurate measuring devices—correct cup, pint and quart measures, a household scale helps a lot and measuring spoons that actually are a tablespoon, teaspoon, half or quarter. Paring knives for every kind of fruit to be used do not cost much, but save a lot of time—pineapple corer, apple parer, berry huller, vegetable scraper, and so on. Each year manufacturers vie in developing ingenious labor-savers for small sums. But they're worth investing in, even though used occasionally.

## Home Is Woman's Place

So Says Mrs. Edison, Wife of Inventor, Bringing Protests from Women in Business.

Mr. and Mrs. THOMAS A. EDISON.

EAST ORANGE, N. J., July 18.—The modern woman's place is in the home according to Mrs. Thomas A. Edison, wife of the world's greatest inventor.

Instead of taking up work in the professional and business world, wives of today might more profitably cling to the nest-building instinct, she staunchly believes.

Mrs. Edison traces the decline of the American home to trends that started with woman suffrage and the World War. She blames the widespread restlessness of today on the dwindling of the nest-building instinct.

The wife of the distinguished creator of the incandescent lamp and a thousand other inventions might have pointed to her own life as an example of how a woman's

devotion to domesticity can help the male bread-winner.

### She Aided Inventor

Scores of times Edison has publicly declared that without his wife's help and encouragement he might not have accomplished half that he did. In the Edison home at East Orange, N. J., harmony and peace has reigned throughout the couple's 44 years of marriage.

It must not be believed that Mrs. Edison asserts that woman's ignorance is bliss. She favors attendance at college when possible for every future wife. In fact, where a choice must be made between a boy and a girl of a family going to college, Mrs. Edison says the girl should go as the boy can obtain broadening influences elsewhere. But Mrs. Edison does not think

that women should utilize educational advantages to embark on lifelong careers in business. If men are to find satisfaction in their homes, she says, their wives must completely subjugate outside interests.

"Housework is 98 per cent drudgery," she admits, "but business and everything else in life is also 98 per cent drudgery."

Must Be Executive  
"Efficient home-making requires executive ability. A good wife must be a good purchasing agent, an economist and even something of a chemist to supervise the diet of her family."

"Deep down in her heart every woman wants a home and children," she concluded. "College should equip her with a knowledge of music, art, literature. The wife of today should be able to entertain herself, her husband and their friends."

Her statements have brought a wave of protest from women in money-making pursuits. However,

Mrs. Edison remains unmoved. Happiness for women, she reiterated, comes only from home-making.

Then there was a conflagration the postoffice, the grocery store and the restaurant being destroyed.

## CANTON POLICE WORK ON CASE

Attempt Is Made To Find If Two Or Three Took Part In Holdup

CANTON, July 18.—Police were attempting today to ascertain whether two or three bandits took part in the holdup of Jacques Morris, First National bank teller, and his guard, former Police Chief Charles N. Riblet, Wednesday in a daring downtown robbery.

Witnesses whose statements have been taken have given conflicting stories, some claiming that the automobile used in the holdup was double-parked without a driver in front of the postoffice building where the robbery was staged.

The lone occupant of the auto when it was driven away, these witnesses told police, was James Romeo, who has been identified as the man who grabbed \$60,000 in cash which was being taken to the postoffice.

Riblet, who was wounded in the chest, still is in serious condition today. Charles Williams, alias Kish 27, of Cleveland, was killed by a bullet from Riblet's gun.

# Al Singer Wins Over Mandell By Knockout In Opening Round

## Rockville Flash Loses Crown To Youthful Fighter In New York

(By The Associated Press)  
NEW YORK, July 18.—The crown of the lightweight today adorns the thick black that of 21-year-old Al Singer, whose sensational one-round knockout of Sammy Mandell last night brought back the 135-pound championship to New York for the first time since Benny Leonard retired.

The boy from the Bronx and title bid at the Yankee Stadium, rushed Mandell, champion for four years, in one minute and 46 seconds, a crowd of 25,000 witnessed the match.

Singer floored Mandell four times for successive counts of two, seven, four and ten, and the champion took the final out flat on his back.

Mandell Fails To Land  
Mandell did not land a solid punch and was punched into a state of helplessness before he had time to make even a gesture. He bore no resemblance to the fighter who two years ago beat so dangerous a puncher as Jimmy McEwen.

It was the shortest lightweight title fight in history and one of the quickest knockouts in any championship fight since Terry McGovern swarmed over Pedlar.

Palmer to win in something like a half minute about 40 years ago. Singer's spectacular victory came as a shock to the experts even though the odds jumped 3 to 1 on the challenger just before the fight started.

Great Exhibition  
It was by far the greatest exhibition Singer ever has given in the ring, the rowing climax to little more than three years of professional fighting.

With no more than 25 to 30 seconds elapsed, Singer slung a left hook that snapped back Mandell's head and sent the champion down for the first time.

Mandell, up at the count of two, stepped into a volley of wallop to the head and took a heavy battering before going down again. Blood streamed from his mouth. He slowly staggered to his feet but Singer sent him down for the third time.

Singer by this time was becoming arm-weary himself but as Mandell staggered up again he sent a solid right hand smash to the champion's jaw which put him down and out. He fell with a thud and it was all over.

The disappointingly small crowd paid nearly \$200,000 to see Singer win the title.

## KIWANIS WIN THIRD STRAIGHT IN CITY LEAGUE

Clubmen Advance Into Tie For First Place With Mullins Combine

UNITED CIGARS IN OPENING SETBACK

Lutes Wins Hurling Duel From McFeely; Furnace Defeats Maccabees

THE KIWANIS CLUB, for several years just one of the under-dogs in city baseball league competition, gave every indication of becoming one of the leading roles of titular contenders for second half honors in the Class A league as a result of its 3-2 victory over the United Cigars Thursday.

Arnold Lutes, given sensational support in the pinches and hurling a stellar and consistent brand of ball, won the decision in the pitching duel with McFeely, youthful hurler for the Cigars, it being his third straight win of the half. It was also his team's third consecutive triumph.

Joe Kelley played the starring role in the clubmen's victory, clouting two singles and scoring two

runs. The third run was registered by Fred McNeal while Quinn and Sartick did the scoring for the losers.

Greiner held the Maccabee lodge team to four hits and the Electric Furnace defeated the ladrenmen 4-3 in last night's opener. Three runs registered by the furnace in the third frame were decisive factors.

It was the Maccabee's third straight setback. Summaries:

## MIDDLETON

Mr. and Mrs. Joseph Edgerton and son, Stephen, moved to Perry, Ohio, on Thursday where Mr. Edgerton has assumed the duties of Farm Bureau Service manager for Lake county. A. H. Holloway of Winona helped with the moving.

Kenneth Morse and Carl Hoag spent the weekend with the parents of Mr. Morse in Cleveland. Mr. Morse has opened his new dry goods and grocery store in a new building across the street from the Rural Supply.

Miss Lucinda Edgerton of Croton-on-the-Hudson, N. Y., arrived home on Friday for a two-months vacation. Mrs. J. H. Edgerton is in Salem this week caring for Mrs. Debora Battey while Mrs. Rebecca Cadwallader visits her brother, Dillwyn Bundy, of Barnesville.

Nineteen 4-H club boys, with their leader, Barnett Graham, enjoyed camping at Fredericktown over the week-end. Wilbur and Eugene Miskew were in the group.

William Stanley of Friendsville, N. C., left on Tuesday for a visit at Barnesville and other points in Belmont and Guernsey counties before returning to his southern home. Mr. Stanley has been employed by Kenneth Morse for a number of weeks.

Miss Jane Cope of Salem is spending her vacation with her brothers and sister and their families. Miss Cope, Miss Bedell and Miss Esther Binns of Salem were Sunday guests of the L. J. Kirk family.

Levi Carter received word of the serious accident to his son-in-law, John Doudna of Barnesville, which occurred on Saturday when Mr. Doudna slipped or jumped, off a straw stack and fell on the handle of a pitchfork in such a manner as to cause a serious internal injury. He was taken to the Martins Ferry hospital. Mr. Doudna has a number of relatives and friends in Columbiana county.

Miss Hanna Dewees of Chicago accompanied by her mother, Mrs. Martha Dewees of Salem, her niece, Miss Florence Dewees, and her cousins, Mr. and Mrs. C. W. Hall and daughter Mildred of Salem, were Sunday guests in the Cyrus Reson home.

# HARD-SOFT LARGE-SMALL CORNES

Out To Stay Out — Roots and All  
Magic Oxygen Salts Bath Never Fails  
No More Burning Aching Feet

No matter how many corns you have or how painful they are—soak your feet for 15 minutes in a delightfully soothing and revitalizing Radox footbath for 3 or 4 nights—then lift corns and callouses right out—roots and all and they won't come back either unless you wear shoes again which aggravate your feet.

No cutting or digging is required because Radox liberates oxygen which softens hard outer layers of

corns, each night penetrating the pores further and further, carrying the salts right to roots of corns which are so loosened they can be lifted out bodily.

Your feet are made strong—healthy—vigorous—hard skin on heels and toes goes also.

J. H. Leuse Drug Co., Three Stores and all good drug stores are stocked with Radox—if they aren't, insist upon them ordering it if you want to experience great foot-joy and comfort.

GET WASTE OUT OF YOUR SYSTEM

Banish Constipation at the Start with Kellogg's ALL-BRAN

Look out when you wake up tired and stay tired. Beware of headaches, unpleasant breath. These are usually the first symptoms of constipation.

The trouble is that your intestinal system is clogged. You have eaten too many bulkless foods. But you can clear your system safely, if you start at once to eat Kellogg's ALL-BRAN.

Kellogg's ALL-BRAN is a cereal that you can eat naturally. It sweeps the intestines clean of poisonous wastes. Far better than habit-forming pills and drugs.

Kellogg's ALL-BRAN is guaranteed. Just eat two tablespoonfuls daily—recurring cases with every meal. You'll like its crispness and flavor. Your system will benefit by its rich store of iron and healthful elements as well as by its roughage.

Ready-to-eat with milk or cream. Delicious with fruits and honey added. Use it in cooking. Recipes are on the package for muffins and griddle cakes. Sold by all grocers. Served by hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

## MOVIES

### "SEVEN KEYS TO BALDPATE"

At The State  
RICHARD DIX, whose popularity has increased greatly since the advent of talking pictures, adds to his success in "Seven Keys to Baldpate," a mystery vehicle which opens a two-day stay at the State tonight.

The narrative concerns a house to which Dix is given a key in mysterious fashion in a search for a treasure presumed to be hidden at the place. He arrives there to find six other persons had also received keys and a seven-way battle starts for the treasure.

Comedy rules the plot with tense dramatic incidents also holding sway.

### "MAMBA"

At The Grand  
Jean Hersholt in the role of a rich, cruel and hated vulgarian, Eleanor Boardman in the role of a daughter of nobility, and Ralph Forbes in the role of a young officer who loves as fiercely as he fights, stand at the three points of the triangle drama set forth in the all-talking production, "Mamba," showing at the Grand.

The story of "Mamba" is laid in an African jungle and its name comes from the mamba, the poisonous snake of that country. A poisonous reptile in human form is the man betrayed by Hersholt. When his wealth buys a cultured bride who hates him and who is wooed impulsively by a daring soldier, the romance begins. And when war brings about a mobilization of the English and German troops in New Posen and the natives start a war of their own against Hersholt—the excitement begins.

## HERE'S A REAL EXPERIENCE

"I'm going to try to tell you I was. I used to go to bed to toss around. Sometimes I'd dream. Then in the morning I felt I couldn't get up. But after I got up and drank a cup of strong coffee I just had to whip myself to work. I dragged around all day, too tired to work, too sick to enjoy anything, and came home at night without life or spirit."

### DIDN'T BELIEVE IT

"I didn't believe medicine would do me any good, because I'd tried a lot of it. When somebody told me I had catarrh, and that if I got rid of it I'd be well, I laughed at them. I didn't believe catarrh could cause all these troubles. But my friend was insistent, and he induced me to get a bottle of Mo-Ten Herbs."

### "PLENTY OF PEP"

"Say it was wonderful. Before I had finished the first bottle, I knew I was on the road to recovery. Now I sleep like a man ought to. I get up in the morning refreshed, and I go through a day's work like a knife cutting butter. Then in the evenings I have plenty of pep to enjoy life."

"You needn't tell me. I'm telling my neighbors, and whenever I see a poor fellow just managing to get along I coax him to buy a bottle of Mo-Ten Herbs. Then he tells the other fellow, 'That's why your Mo-Ten Herbs has such a wonderful sale—it makes good.'—Yours in health, C. D. Fisher, Medora, Ind."

This remarkable treatment for catarrhal and other run-down conditions is sold by J. H. Lease Drug Co. 3 Stores, and all other reliable drug stores—\$1.00 a bottle—Adv.

**A STRANGE INCIDENT**  
A member of a congregation, becoming angry at a sermon the minister was preaching, wrote the single word, "Fool," on a sheet of paper, called an usher to him and had it delivered to the minister in the middle of his sermon. The minister opened the paper and read what was written, then he said, "An unusual thing has happened. A member of the congregation has signed his name without writing the letter."

Dr. Blank: "What, you need, young lady, is a little sun and air."  
Young Thing: "How dare you! Why, I'm not even married!"

**WHO'S WHO IN SALEM**  
Mr. A. C. Long, Salem Nash agent, located on State St. Mr. Long came to Salem about 4 years ago, at that time he was a total stranger. It wasn't long until he made many friends. Salem people like him as a citizen and as a merchant.  
Mr. Long has built a nice business. In talking with Mr. Long, one finds that he is sold on Salem. We like to see our new citizens become so well adapted to Salem. We wish him continued success and hope he will always make his home in Salem.

More and more Motorists are using

# PENNZOIL ETHYL GASOLINE

This high quality anti-knock gasoline is making friends here and making them fast. Users are unhesitatingly recommending Pennzoil Ethyl as the best anti-knock fuel they have ever used.

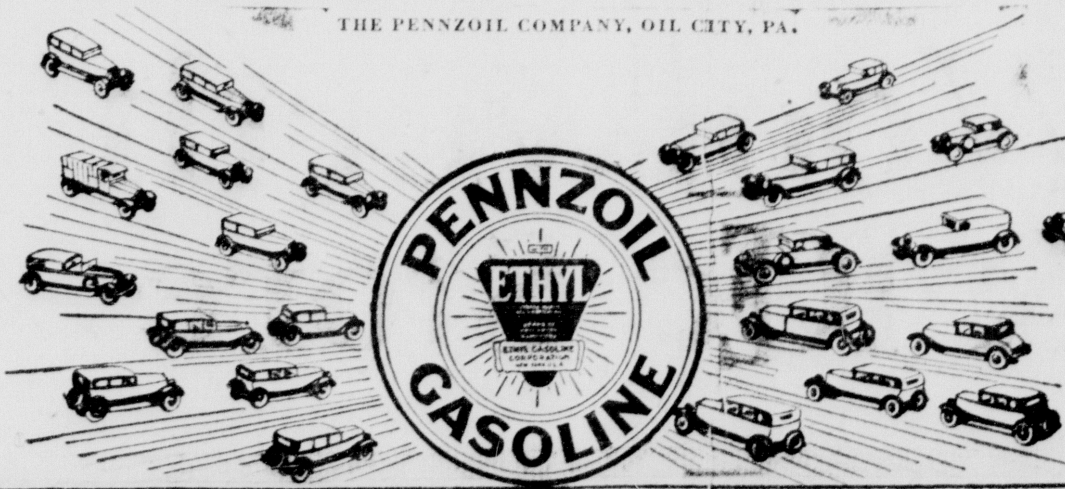

The base gasoline, to which the Ethyl fluid is added, is a product of the Pennzoil refineries—a good clean Pennsylvania gasoline in itself. That's why the use of Pennzoil Ethyl prevents gummy deposits and clogged carburetor screens.

Pennzoil Ethyl gives a big mileage return for your money, is quick starting, quick in pick-up, clean burning and is free from excessive quantities of gum—and above all, it delivers maximum power without a single knock.

With Pennzoil Ethyl you will have fewer carbon removals and valve grindings—to say nothing of the satisfaction of taking the steep grades and hills "in high" without the slightest murmur from the motor. One tankful will show you the difference. Look for the Pennzoil Ethyl sign.

Hear "Chic" Sale on the air every Sunday night—Station WKBN, Youngstown or WADC, Akron—7:45 Eastern Standard Time—Columbia Broadcasting System. Ask your Pennzoil Dealer for Sales Latest Book.
